PP Presisi Gets a New Contract of IDR 99.6 billion for the Development Work Package for the Logistics Pier for the Development of the National Capital City (IKN)

Jakarta, 4 January 2023 - PP Presisi has been awarded a new construction work contract for the Development Work Package for the Logistics Pier for the Development of the National Capital City (IKN) worth Rp99.6billion. With the main scope of work consisting of Jetty Construction, Approach Road Construction, and Stockyard Development. The Work Package Project for the Development of Logistics Pier for the Development of the State Capital City (IKN) is a program of the Ministry of Public Works and Public Housing, Directorate General of Highways, the East Kalimantan National Road Implementation Center.

“We will carry out the trust given by the Ministry of Public Works of East Kalimantan as best we can with engineering capacity and competent human resources as well as PP Presisi's experience in working on various construction projects with a fairly tight time frame, we are confident that we can do the work with priority to time. delivery and quality of work in accordance with predetermined targets”. said Rully Noviandar as a President Director PT PP Presisi Tbk.

PP Presisi targets the acquisition of new contracts in 2023 to reach Rp6-7trillion, of which the largest composition is civil construction services and mining services. As an integrated heavy equipment-based civil and mining construction services company, these two business lines are the backbone of PP Presisi's business activities which are supported by the capacity of heavy equipment used for both jobs. In the future PP Presisi will focus on these 2 (two) business lines both as the main contractor in civil construction projects and mining services and continue to support the projects of PP Group.
